## WENT TO INDIANOLA SEVERE PUNISHMENT

Editor of Negro Publication Visits  
Mississippi Town.

### ORIGIN OF TROUBLE.

McGill Is of the Opinion That Difficulty Was Caused by an Article in a Paper of His Race Offensive to Whites.

Chattanooga, Tenn., Jan. 15.—Rev. W. H. McGill, colored, editor of "Hot Shots," published here and at Birmingham, Ala., returned from Indianola, Miss., where he has been investigating the trouble involving the alleged forced resignation of the colored postmaster, Minnie Cox. McGill went to Indianola just after returning from Washington, where he had been to press his candidacy for chaplain of the house of representatives. He is very reticent regarding his mission to Mississippi and does not say whether or not he was sent there by some one in authority to investigate the trouble. He is one of the leading anti-lily white Republicans in the south, and by some people is regarded as having influence at Washington. All that McGill would say about his trip to Indianola was that he had found that the trouble originated by the publication of an article in a negro newspaper which offended the white people of that community. He states that from what he learned during his investigation that if he were in the woman's place he would not go back to Indianola at this time, and that he had so advised her at Birmingham, where he saw her on his way back to Chattanooga. McGill goes from here to Washington.

### IMPARTIAL ATTITUDE.

Governor Taft Urges This Action by the Officials.

Manila, Jan. 15.—Governor Taft has sent a circular letter to the provincial governors enjoining them to maintain an impartial attitude in the religious disputes over church property. He directs them to intervene when the peace is disturbed or forcible dispossession is attempted but instructs the governors not to interfere where Roman Catholic priests, in possession of church property, peacefully surrender it to schismatics. The governor says the courts alone must determine the rights of the parties in any dispute on the subject of church property. It is anticipated that there may be attempts on the part of the schismatics to seize additional churches.

### AT KINGSTON.

The Dispatch Boat Dolphin Stopped at Jamaica City to Coal.

Kingston, Jamaica, Jan. 15.—The United States dispatch boat Dolphin, with Minister Bowen on board called here Wednesday for coal. Mr. Bowen paid a visit to the governor's residence. The minister says he has full powers as the representative of Venezuela at the coming conference at Washington and has strong hopes that the powers and Venezuela will reach an agreement without referring the questions to The Hague court of arbitration. Caracas was quiet when Mr. Bowen left, although public feeling was still running high. He is anxious to reach Washington at the earliest moment.

### YOUNG CORBETT WIN.

He Is Awarded the Decision Over Rice at Hot Springs.

Hot Springs, Ark., Jan. 15.—"Young Corbett," the featherweight champion, was given a decision over Austin Rice of New London, Conn., in the eighteenth round of what was to have been a twenty round contest, before the Whittington Park Athletic association. The fight was not to a finish. Rice staying full seventeen rounds. Just before the end of this round Corbett landed a stiff left swing, glancing on the stomach, and as a result Rice was taken sick during the remainder of the fight. On the call of time at the beginning of the eighteenth round "Battling" Nelson, Rice's second threw a towel into the ring and Corbett was given the decision.

### Testimony to Be Admitted.

Manila, Jan. 15.—The court martial which is trying Maj. Erwin Glenn, of the Fifth infantry on the charge of unlawfully killing seven prisoners of war, decided to admit testimony showing the general conditions of the islands and of Samar at the time of the alleged offense.

### Day May Go on Bench.

Washington, Jan. 15.—It can be stated by authority that Judge Wm. R. Day, former secretary of state, will probably be appointed as an associate justice of the United States supreme court to succeed Justice Shiras, about to retire.

### Mayorality Nominations.

Philadelphia, Jan. 15.—District Attorney John Weaver was unanimously nominated by the Republicans for mayor. Democrats nominated Francis F. Kane.

Shocking Statement Made Regarding Treatment by Officers.

### TERRIBLE FLOGGING.

Colombians Charged With Unmercifully Using the Lash For Trivial Misdemeanors and Cutting Off Limbs.

San Francisco, Jan. 15.—Among the passengers on the steamer Newport from Panama and way points were Lieutenant Arthur H. Dutton and J. J. Many and four enlisted men of the American manned Colombian cruiser Bogota, which sailed from this port Oct. 7. They speak in anything but enthusiastic terms of their experiences in Colombian waters. Lieutenant Dutton, who was executive officer of the Bogota in a signed statement says:

"I never heard of a courtmartial while I was in Columbia. Punishment was carried out and sentences inflicted at the sweet will of those in power. The so-called discipline of the armies was maintained by the bullet or the lash. Trifling offense at times was punished by 500 lashes on the bare back with a flexible cane. Men were shot for mere nothing. A few days after peace was declared two Liberal officers who refused to acquiesce in conditions, were captured and taken to Chiqui fortress and there lashed brutally until dead. Some prisoners, who had been taken after a particularly stubborn resistance had their legs or arms cut off or their eyes or ears removed and were then released, to go maimed through life. Some died from the loss of blood. One of the several schooners loaded with refugees which the Bogota was towing sprung a leak in deep water at sea. The refugees were rescued and the captain and crew of five men were about to follow them when the Colombian officer in charge ordered them back on board the doomed schooner. Let them perish with her, he exclaimed. Six of the unfortunates, innocent of any wrong doing, were left to their fate on the sinking schooner, with no sails and no boats."

### WILL RECIPROCATE.

Wells-Fargo and Pacific Express Companies Give Each Other Preference.

San Francisco, Jan. 15.—The Examiner says the Wells-Fargo Express company has ordered its agents to give preference to the Pacific Express company over all other express companies in routing through business. The Pacific Express company has issued similar instructions to all its agents. This is in pursuance of a plan recently decided upon by E. H. Harriman of New York. The Southern Pacific is a large holder of Wells-Fargo stock and Mr. Harriman is director in the latter and chairman of its executive committee. The Union Pacific, Mr. Harriman and George Gould own Pacific Express company. While there is no consolidation of offices of stock or finances there is to be a community business.

### LITTLE DONE.

House Decided to Have Eleven Pages and Senator Grinnan Sworn In.

Austin, Jan. 15.—The house finally decided to have eleven pages. Mrs. E. Barrow of Travis was elected postmaster.

In the senate Senator Arch Grinnan of Brown county was sworn in. Following general committee clerks were announced: W. A. Shaw, Jr., Dallas, and Lucien Goss, Baylor. J. A. Chaffee of Bexar was appointed stenographer to the lieutenant governor.

### Asks Mails Sent to Heathmann.

Washington, Jan. 15.—Senator McLaurin of Mississippi urged Postmaster General Payne to have mails for Indianola sent to Heathmann, Miss., instead of Greenville, pending reopening of Indianola office. Heathmann is four miles from Indianola, while Greenville is thirty miles distant. Mr. Payne stated if the postoffice at Heathmann is able to handle the additional mail, the change will be made.

### No Night Work by Little Girls.

New York, Jan. 15.—The employment of small girls at night in the silk mills of Scranton has been stopped, according to a Press dispatch from that city. The owners of the big mills have posted notices at the various plants ordering the small girls who have been working nights for day duty. This is one of the results of the anthracite strike commission.

### Steamer on Fire.

Trolee, Ireland, Jan. 15.—The British steamer Manchester Merchant, from New Orleans, Dec. 28, for Manchester, Eng., anchored in Dingle bay on fire. Attempts are being made to reach her. The crew has been landed. The fire broke out Jan. 12.

### Mexican Power Company.

Montreal, Jan. 15.—Canadian capitalists have organized the Mexican Power company for the purpose of developing concessions which have been obtained on the Moquiri river, eighty miles from the City of Mexico. The company will have a capital of \$5,000,000 and a bond issue of \$7,500,000.

BRYAN, TEXAS, JAN. 16, 1903

London's unemployed are marching like Coxe's army.

Senator Alf Harper of this district has the following committee appointments in the organization of the senate: Chairman military affairs, member of constitutional amendments, commerce and manufactures, federal relations, public printing.

The Standard Oil company's monopoly is arousing Germany. A member of the Reichstag says it has by its discriminations cost Germany over twelve million dollars. Germany ought not to kick on a small thing like that. It robs the people of this country of that much in a month.

Wm. C. Moore, landing agent of the port of New York, sent Dr. Flatner of Bryan a statement of the passengers landed at New York by the leading steamship lines during 1902. The total number of cabin passengers is 139,848; steerage passengers, 574,276. Total cabin and steerage, 714,124. The total number of trips made was 922.

A resolution introduced in the lower house of congress by the chairman of the judiciary committee, looking to the government's taking possession of the coal mines of this country and the coal carrying roads, looks like socialism invoked by stress of circumstances. It is an unfortunate state of affairs, and a serious one, too.

## CITY COUNCIL MEETING.

Tax Rate for 1903 Fixed—Reports of Officers—Committee to Enforce Delinquent Tax Collection.

The city council met in regular adjourned session Wednesday night, Mayor Harrison presiding and all officers present.

Minutes and officers' reports were disposed of as usual.

The fiscal agent's report showed balances as follows: Special building fund, \$1099.29; Cemetery fund, (overdrawn) \$135.96; Building and street fund, \$414.71; Special street fund, \$686.63; Special water fund, \$1,500; Street appropriation fund, \$2840.58; Tax and fine fund, (overdrawn) \$1759.16; School fund, \$2.85; (school fund now in hands of treasurer of school board); Waterworks fund (overdrawn) \$980.78.

The secretary's report showed total collections for month of December, \$1431.81.

The street committee report showed disbursements for November and December amounting to \$480.99. Chairman Johnston was absent at the last meeting and the November report deferred.

The finance committee report showed disbursements of \$261.65 for December.

The fire committee report showed disbursements for December amounting to \$71.75.

Cemetery report, disbursements for December \$12.25.

The tax rate for the year 1903 was fixed as follows: Ad valorem 25 cents, school 40 cents, building fund 8 1/2 cents, building and street fund 1 1/2 cents, water works fund 11 cents, street fund 15 cents, special street fund 4 cents; total \$1.05 on the one hundred dollars' valuation.

Out of the sum realized by recently refunding bonds and sale of same \$2000 was placed to the credit of tax and fine fund, \$1000 to the waterworks fund and \$1000 to the cemetery fund.

The hydrant at the southwest corner of brick warehouse was discontinued.

W. R. Johnston and T. A. Searcy were appointed a committee to look after delinquent tax collection matters, and secure immediate action on same.

The mayor was allowed \$14.17 per month for extra services making his compensation \$35 per month. Adjourned.

Foreigners who sell coal to people in this country will hereafter have the duty which they pay handed back to them. That is the way they fixed it up in congress Wednesday.

Girls and women work at the coal mines in Belgium, pulling carts like horses, and loading and unloading cars, like the roughest male laborers. Women under twenty-one are not allowed by law to work under ground, but when they pass that age they go into the mines and pass the rest of their days in a horrible servitude. Even Baer and his cohorts are outclassed for brutality by the exploiters of labor in the coal mines of Belgium.

## SENATE READY.

House Has Selected Nearly All of the Major Officers.

Austin, Jan. 15.—The senate is now ready for business. Several pages and a porter were allowed, the latter for the lieutenant governor.

Senator Wilson offered a resolution to appoint a committee of three to report on the advisability of setting apart as hearing rooms for the railroad commission (its clerical force now being crowded) the present offices, on the second floor, of the state revenue agent and superintendent of public buildings and grounds. Adopted, and Senators Davidson of DeWitt, Wilson and Hale were appointed.

Senator Savage secured the adoption of a resolution providing for the appointment of a committee of three to notify the house that the senate is organized and ready for business, and Senators Savage, Hale and Patterson were appointed.

In the house Speaker Neff announced the house committee on rules as follows: W. T. Shannon of Bell, chairman; H. S. Moran of Parker, W. F. Robertson of Williamson, F. W. Seabury of Starr and John M. Green of DeWitt.

Robert Barker of Ellis was unanimously elected chief clerk, without opposition.

J. R. Southwell of Falls was elected sergeant arms and R. V. Crowder of Morris assistant. Lee Saterwhite of Limestone was elected reading clerk, Marshall Burney of Atascosa (for the eighth time) journal clerk, James Robinson of Leon assistant, T. C. Childs of Freestone calendar clerk, J. E. McFarland of Cherokee, engrossing clerk and R. L. Neal of Johnson enrolling clerk. M. G. Goss of Kaufman was chosen doorkeeper and Milton Brown of Brazoria assistant.

Mr. Seabury, (Mr. Schluter in the chair), sent up the rules of the Twenty-seventh legislature to govern the house during temporary organization, which after some discussion, were adopted.

## Governor's Message Read.

Guthrie, Okla., Jan. 15.—The message of Governor Ferguson was read to the legislature Wednesday. He recommended an assistant bank commissioner; strengthening of oil law; quarantine between Oklahoma and tick producing regions strengthened; herd law and appointment of additional cattle inspectors. The document contains about 15,000 words. An immense crowd heard it read by House Clerk McCrory.

## DAVIS INAUGURATED.

Governor of Arkansas Takes Oath of Office for Second Term.

Little Rock, Ark., Jan. 15.—Governor Davis was inaugurated for his second term of two years Wednesday in the presence of the general assembly and a large gathering of other citizens of Arkansas. The ceremonies were simple. The oath of office was administered by Chief Justice Bunn, after which the governor delivered his message to the general assembly.

In his message the governor urged what he termed reforms in the penitentiary management; the building of a commodious annex to the state lunatic asylum; a reform school for juvenile offenders; an additional appropriation of at least \$70,000 for an Arkansas exhibit at the Louisiana Purchase exposition; revocation if possible of the recent purchase of a state convict farm for \$140,000; abandonment of the site designated by the legislature of 1899 for a new state capitol and provide for the erection of a new hospital on the present site of the old capitol at a cost not to exceed \$1,000,000; creation of offices of beer and coal oil inspectors; and the passage of a rigid anti-trust law.

## DEADLOCK ON.

Democrats of North Carolina Have Made No Choice Yet.

Raleigh, N. C., Jan. 15.—The Democratic members of the general assembly were in caucus for an hour Wednesday on the senatorial election. Five ballots were taken, but there was no material change in result over Tuesday. Overman's highest vote was fifty-three, Watson thirty-nine, Craig twenty-nine, Carr fifteen and Alexander nine. There is no calculating the length of the deadlock. Each of the candidates declares he will win.

## Gallinger Has No Opposition.

Concord, N. H., Jan. 15.—Dr. Jacob H. Gallinger of Concord was nominated by acclamation by the Republican members of the legislature to serve another term as United States senator.

## Hopkins the Winner.

Springfield, Jan. 15.—Congressman A. J. Hopkins of Aurora was nominated by a joint Republican caucus of the Illinois legislature to succeed Wm. E. Mason, in the United States senate.

## Apostle Smoot Nominated.

Salt Lake City, Utah, Jan. 15.—Apostle Reed Smoot was nominated for United States senator by the Republican caucus.

## Formally Elected.

Sacramento, Cal., Jan. 15.—Geo. C. Perkins was formally elected United States senator in joint meeting of the legislature Wednesday.

## Official Action.

Boise, Idaho, Jan. 15.—The legislature Wednesday officially elected W. B. Hayburn to succeed United States senator Heitfeld.

## No Special Election.

Austin, Jan. 15.—Governor Sayers has received Lanham's resignation, but will not order a special election.

## Texas Postmasters.

Washington, Jan. 15.—President has nominated following postmasters for Texas: Henry T. Canfield, Wichita Falls; C. E. Littlefield, Luling.

## AWFUL AFFAIR.

Four Men Meet a Fateful Fate in Railway Collision.

Houston, Jan. 15.—A most disastrous rear-end collision of two freight trains occurred near Sour Lake Wednesday evening. Four lives and perhaps another will be added to pay the penalty of a sad mistake, due in a measure to a blinding snow, which, in the impenetrable darkness of the night, obscured from view the danger signal.

The dead are:

Oscar R. Daniels, conductor.

L. J. Huddleston, fireman.

F. D. Florrey, brakeman.

J. Hester, boiler-maker.

The injured: John Qualthrough, brakeman, very serious; R. James, engineer, slight.

The two ill-fated trains were extras and were running about twenty minutes apart. The advance one was in charge of Engineer Croft and Conductor O. S. Daniels, and was pulling a string of fifty-four heavily loaded cars, the freight consisting of cattle, sand, hay and bones.

The second train with Engineer R. James and Conductor J. Kelly in charge, was made up of twenty-four cars.

Both trains passed Devers on time as shown by the schedule in the dispatcher's office. The advance train stopped at the water tank a quarter of a mile out of Sour Lake to take water. A considerable stand was made, and from the statements of Engineer Croft he was not informed that a train was following him. Just as Engineer Croft was in the act of pulling the lever to move away the crash came. The red lantern on the caboose of the standing train was not sighted by Engineer James of the approaching train until he was within a few yards of it. He barely had time to leap from the cab.

Fireman Huddleston was caught between the engine and tender and his back and abdomen crushed. J. Hester was disemboweled. The body of Conductor Daniels was completely hidden under the engine.

## REBATE MEASURE.

It Was Passed by House With but Five Votes Against It.

Washington, Jan. 15.—The bill reported from the ways and means committee to provide for a rebate of the duties on foreign coal for a period of one year was passed in short order by the house Wednesday by practically a unanimous vote, 258 to 5, the votes against being Messrs. Gushman and Jones of Washington; Gaines of West Virginia; Mondell of Wyoming and Patterson of Pennsylvania, all Republicans.

The bill was considered under the operation of a rule which cut off opportunity to amend. The only opposition to the measure came from some of the members representing coal states, who expressed the fear that the admission of Chinese mined coal from Canada would injure the coal industry of their states. Both Mr. Dalzell of Pennsylvania and Mr. Payne of New York, the Republican leaders, expressed the opinion on the floor that the bill would not relieve the existing distress.

## PASSED PROMPTLY.

A Bill Providing Rebates on Coal Soon Went Through Senate.

Washington, Jan. 15.—The senate acted promptly on the house bill providing rebates of the duty on coal and passed unanimously without debate a few minutes after it was brought from the house.

The militia bill was also passed, with an amendment striking out the section providing for a reserve force of trained men, thus removing the objections made against it.

For an hour and a half Mr. Tillman occupied the attention of the senate in a characteristic speech, in which he denounced trusts and monopolies and severely criticised the attorney general.

The statehood bill was up for a short time, during which Mr. McCumber spoke in favor of granting statehood to Oklahoma, Arizona and New Mexico.

## SEVERAL ADDRESSES.

National Livestock Association Members Listened to a Number.

Kansas City, Mo., Jan. 15.—Addresses on the results on a stock industry occupied the entire time of the short session of the National Live Stock association Wednesday. Among the speakers were W. D. Harris of Kansas, who spoke on the Louisiana purchase exposition and what it will do for the livestock industry.

He gave a review of the history of the year comprised in the purchase and an appeal to stock men to contribute to the success of the enterprise.

George Fayette Thompson of the bureau of animal industry, Washington, read a paper on "Our Markets for Livestock and their products."

## More Deaths.

Laredo, Jan. 15.—A City of Mexico special says: Official information from Mazatlan is to the effect that there were six deaths from the plague in that city Saturday last and eight Sunday. The number of patients is steadily increasing. The total number in the hospital is eighty-eight, with six additional patients under observation.

## Murdered in His Store.

Memphis, Tenn., Jan. 15.—A special to the Scimitar from Holly Springs, Miss., says that O'Neil Jones was found murdered in his store near Victoria, Marshall county. Two unknown men were seen about the store and have since disappeared. Robbery is supposed to have been the motive for the crime.

## Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membranes lining the stomach and exposes the nerves of the stomach, thus causing the glands to secrete much instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Mr. Monroe Edge and family left  
yesterday for Houston, where Mr.  
Edge will engage in the real estate  
business. He will begin work in  
this new and wider field under most  
favorable conditions, and with the  
hustling qualities he possesses, his  
success is abundantly assured. Aside  
from his personal qualifications, as a  
business man he is a great believer  
in advertising and spares no pains or  
expense in informing the public re-  
garding what he has for sale. He is  
strictly reliable, sober, industrious,  
affable and courteous. Houston peo-  
ple will not be long in finding out  
that he is among them, and that he  
is there for business.

At a meeting of the stockholders  
of the Brazos river bridge company,  
held at the office of the secretary,  
the following officers and directors  
were elected for the ensuing year:  
W. E. Saunders, president; M. Par-  
ker, vice-president; G. S. Parker,  
secretary and treasurer. Those nam-  
ed with H. Rohde, J. E. Astin, J. N.  
Cole and G. M. Bryan comprise the  
board of directors. A dividend of 8  
per cent was declared. Stockhold-  
ers are requested to call at the office  
of the secretary and get dividend  
checks.

The Brazos county Farmers' In-  
stitute meets at the courthouse today,  
and it is the duty of the people of  
Bryan, especially of the business  
men, to encourage the farmers by  
their presence and help in the work  
of the institute. The business men,  
and indeed, the professional men of  
the city are no less interested in the  
development of the agricultural in-  
terests of the country than the farm-  
ers themselves.

W. S. Howell showed The Eagle  
reporter through Garth, Howell &  
Webb's commodious new offices and  
storerooms, which are near comple-

finished up nicely, and is excellent  
for the purpose for which designed,  
as storerooms for builders' hardware,  
sash, doors, etc., and offices.

The Eagle has received copies of  
The Manila Cablenews and The Ma-

### FOR CITY MARSHAL.

In the Eagle this morning will  
be found the announcement of Mr.  
T. P. Boyett for re-election to the  
office of City Marshal of Bryan at  
the ensuing city election in April.  
Mr. Boyett says his platform is  
embraced in a few words, "Peace  
and Prosperity for Bryan," and  
that if again honored by the voters  
he will do all in his power to main-  
tain the one and promote the other.  
Mr. Boyett is a life long citizen of  
Bryan and has served efficiently  
as City Marshal for several years.  
His record as an officer is before  
the people of Bryan, and he in-  
vites a careful consideration of his  
claims.

The home Mission Society of the  
Methodist church, will give a tea  
Friday afternoon at the residence of  
Mrs. E. J. Jenkins. The proceeds to  
be a "free-will offering" to pay for  
their window in the Methodist  
church. Everybody cordially in-  
vited. 34

Mr. and Mrs. S. H. Allphin enter-  
tained a number of friends at a dance  
given Wednesday evening compli-  
mentary to their guests, Miss Brizzo-  
lari of Madisonville and Miss Low-

### KURTEN.

Kurten, Texas, Jan. 12, 1903.—  
As I have not seen anything  
from here in so long, I will try  
and give the Eagle and its many  
readers a few dots.

Health of this community is not  
so good at present.

There was no preaching Satur-  
day and Sunday, on account of the  
preacher's absence.

Dr. W. F. Odom returned Satur-  
day from a visit to Alabama, where  
he spent a few weeks with relatives  
and friends.

Miss Pearl Lambert of Grimes  
county is spending a short time  
with her sister Mrs. Anna Shep-  
pard.

Mr. Dave Powell and family and  
Miss Riller Powell returned to Bell

#### CARDINAL DEAD.

Monsignor Parocchi Was Considered Most Likely to Succeed the Pope.

Rome, Jan. 15.—Cardinal Lucido Mary Parocchi, sub-dean of the sacred college and vice chancellor of the Roman Catholic church, died of heart disease.

He was born in 1833 and was of Italian nationality and created a cardinal in 1877.

The death of Cardinal Parocchi removes one of the prelates considered to be most likely to succeed Pope Leo. There was always considerable friction between the pope and Cardinal Parocchi on this account and led to unprecedented steps of the pontiff in removing the cardinal from the post of vicar of Rome, because he thought that he too openly posed as the future pope. Nevertheless the pope was deeply affected by Cardinal Parocchi's demise. He knelt in prayer and exclaimed: "These frequent deaths have made me feel quite an old man."

#### NOTED PRIEST GONE.

Father Joseph Heidencamp Departs This Life at an Advanced Age.

Mobile, Jan. 15.—Father Joseph Heidencamp, one of the best known priests in the south, died here at an advanced age. He was a Jesuit and educated in Europe. He was a fluent linguist, speaking seven languages.

#### MEET AT NEW ORLEANS.

Commercial, Industrial and Agricultural Clubs Assemble.

New Orleans, Jan. 15.—Fully 100 delegates from various cities throughout the states of Louisiana, Texas and Mississippi were present in the Progressive Union hall when the tri-state convention of Commercial Industrial and Agricultural clubs were called to order. Secretary Richardson, of the Progressive Union presided. Among those present were Professor Milton Whitney, chief of Plant and Industry in the United States in the department of agriculture.

Dr. Whitney told of the work of his department and progress that is being made in determining the sections of the country best adapted for the raising of certain products.

Addresses in line with the objects of the convention were made by S. F. B. Morse, of the Southern Pacific; Geo. K. Smith, of the Northeastern; A. J. Hanson, of the Illinois Central; C. L. Stone, of the Louisville and Nashville, and E. P. Turner of the Texas and Pacific.

#### Terrible Explosion.

Nanimo, B. C., Jan. 15.—An explosion at the Hamilton Powder company's works on Departure bay, killed George Simonetta, James Fulforte and ten Chinese and demolished two buildings. Only one body, that of a Chinese, was recovered, while the others were blown to fragments. The gun cotton storage house first exploded. The concussion exploded the "selignite" in the drying house 400 feet away, killing the men.

#### Unemployed Marching.

London, Jan. 15.—The marches of the unemployed which have now become a daily feature are causing uneasiness. About 2000 persons traversed the metropolis in procession Thursday, escorted by the police. While these demonstrations have thus far been orderly the shop keepers recall the experiences of some years ago when similar parades ended in the breaking of store windows, and some of them are already taking the precaution of putting up their shutters while the processions are passing.

#### Belgium Gets Concession.

New York, Jan. 15.—M. F. J. S. Gofart, Belgian vice consul and charge d'affaires here, obtained from President Castro concessions for settlement of all claims of the Belgians against Venezuela by means of a mixed commission, says a Caracas dispatch. One member of the commission is to be a Belgian, another a Venezuelan and the third will be named by these two. Belgium is to receive payment as the most important nation.

#### Bricklayers and Masons.

Memphis, Tenn., Jan. 15.—The International Bricklayers and Masons' convention met Wednesday with a full attendance. The morning session was taken up with the introduction of new business, all of which was referred to committees. Many of the resolutions were not read.

#### Plague Status.

Mazatlan, Mex., Jan. 15.—There were seven new cases of plague and eight deaths Wednesday. The government college here has been closed till the plague crises shall have passed.

#### President Signs Coal Duty Bill.

Washington, Jan. 15.—The president has signed the bill suspending the duty on coal.

#### Who Are Shut Out.

Austin, Jan. 15.—Comptroller rules adoption of poll tax amendment only shuts out delinquent poll taxpayers.

#### RANGE QUESTION.

Resolution Thought to Be Acceptable to Cattle and Sheepmen Addressed.

Kansas City, Mo., Jan. 15.—At the third day's session of the National Livestock Association convention, many papers were read and discussed, and a flood of resolutions introduced and considered.

An important resolution introduced was one which sought to heal the long standing bitterness existing between cattle and sheep men over the question of ranges. A. F. Robertson of Texas had Wednesday introduced a resolution calling for an amendment to the laws regulating grazing on public lands and approving leasing of such lands in states where such policy is desired by the people. This was referred to the executive committee and finally laid upon the table. In its place a substitute prepared by cattlemen and which, it is said, was approved by sheepmen and by many cattlemen was indorsed. The resolution says the laws governing the use of public lands in the United States have become obsolete owing to the rapid advance of civilization, and that the time has come for action by congress in laws recognizing changed conditions, encouraging settlement and offering protection to settlers using land for grazing purposes. The resolution endorses the suggestion of President Roosevelt that a large area of semi-arid lands be allowed for homesteads and that commission experts be appointed to investigate the present existing condition and suggest to congress just and fair remedies that will assist the growth of the west.

#### SWEDES STARVING.

Deplorable Conditions Continue to Prevail Among Those People.

London, Jan. 15.—A telegram from Stockholm confirms the distressing accounts of famine in northern Sweden. About 30,000 people are affected by this famine, which extends from the sixty-first to the sixty-seventh degree of north latitude and from the Gulf of Bothnia and the Russian border far into the interior.

Starving people are eating pine bark, which is dried, ground to powder mixed with stewed Iceland moss and made into a kind of famine bread.

Coincident with the failure of crops is the extreme scarcity of fish.

Fishermen are returning from expeditions empty handed. Even ptarmigan, usually found in great numbers in the stricken districts, have almost completely disappeared. It is estimated expenditure of about \$6,300,000 will be necessary to save the population from decimation.

Thus far about \$200,000 has been subscribed, of which sum over \$12,500 was sent by Swedes in the United States. This amount does not include the money necessary save the breed of cattle which alone can live through the Arctic winter or supply seed for spring sowing. Peasants are making pathetic sacrifices to avert extermination of the hardy northern cattle.

#### SHAMEFUL TREATMENT.

American and English Ladies Cursed as They Went Along the Streets.

London, Jan. 15.—Letters received here recently from Fez, Morocco, say the rapidly growing anti-European sentiment necessitates the hurried departure from that country of the American missionary, Mr. Simpson, and his wife and three English women.

For few days prior to this departure the women were openly cursed in the streets; the Moors shouting as they passed: "What is this filth in our streets?" When the American missionaries from Mequinez arrived at Fez the Moors exclaimed: "Oh God, we thought they were sending cursed dogs from us, but they are coming back." Subsequently a body of armed mountaineers met the women and wheeled around and cursed them in chorus. The missionaries are specially urged from authoritative quarters to leave as soon as possible. Mr. and Mrs. Simpson intend to remain at Tangier for the present.

#### AT A STANDSTILL.

Factories in East Chicago Have No Fuel to Operate With.

Chicago, Jan. 15.—Business in East Chicago, Ind., has been brought to a standstill by lack of coal, says the Tribune. The plants of the Republic Steel and Iron company and the Emeryne Rolling mill have shut down, and 5000 men, practically all of the working men of the town, are idle. The two plants consume 200 tons of coal a day, and the supply ran short last Saturday, when only one carload of coal arrived. No fuel has been secured since.

#### NO DEVELOPMENTS.

Grand Jury at Chicago Is Looking After Documentary Evidence.

Chicago, Jan. 15.—There are no new developments in coal shortage investigation by the grand jury. Several coal men have been summoned. Evidences of men from the Springfield district, it is said, will form the connecting link in the chain of evidences, showing alleged arrangements between operators in Illinois and Indiana. Several witnesses were heard, after which grand jurors took up documentary evidence.

#### May Have to Close.

New York, Jan. 15.—On account of the coal shortage the University of Pennsylvania was in darkness Wednesday night, says a Philadelphia dispatch to the American. If coal cannot be obtained at once the institution will be compelled to close, and three thousand students will be out of classes. There is also danger from the cold to the five hundred patients in the university hospital.
